3 Courses

**AI Fundamentals and the Cloud**

**AWS Services for AI Solutions**

**Bringing Ideas to Life Using AI**

Apr 18, 2026

## Sathwik Padmanabha Bhat

has successfully completed the online Professional Certificate

# AWS Generative AI Applications

This Professional Certificate helps learners gain expertise in AI applications using AWS services. Upon completion of three courses, a learner has demonstrated proficiency in AI fundamentals, prompt engineering, and solution architecture. They have gained hands-on experience with Amazon Bedrock, PartyRock, and other AWS AI services, while understanding the why and how behind responsible AI implementation practices. Through practical labs and assessments, they have proven their ability to design, develop, and implement AI-powered business solutions. Skills acquired in this professional certificate include AI application development, effective prompt engineering, AWS service implementation, and AI solution architecture.

Rafael Lopes, Principal Cloud Technologist,
Alex G., Senior Cloud Technologist
Oksana Hoeckele, Cloud Technologist

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
